NMI Democrats Join Democrats Across the Country to Kick Off National Voter Registration Week of Action

In partnership with the Democratic National Committee and Association of State Democratic Committees, the Democratic Party of the Northern Mariana Islands is joining in on Democrats' nationwide effort to engage Americans in the democratic process. This year's National Voter Registration Week of Action represents the largest in-person voter registration effort from the DNC and affiliated Democratic state parties in recent years.

The Democratic Party of the Northern Mariana Islands released the following statement:

“Registering to vote and participating in the democratic process is a powerful way for voters in the CNMI to make a difference in their communities. Democrats need to remind NMI voters about what it means to be a Democrat again. Under Donald Trump, already, Republican control of our government has resulted in the largest transfer of wealth from working people to the ultra-wealthy in this nation's history. But NMI voters can use their vote to change the direction of their country and elect leaders who will fight for working families. NMI Dems will always fight for working families and during National Voter Registration Week of Action, we are letting NMI voters know they can too by registering to vote.”

Prospective voters can visit votecnmi.gov.mp for more information on registering to vote. They can also call the Commonwealth Election Commission at (670) 235-8682/8683/8685 for more information.
